

UEEOS Master Specification v5.0 - Universal Intelligence, Invention & Reality Transformation Network (UIIRTN)

UEEOS MASTER SPECIFICATION v5.0

VISION

A universal system that not only evolves and creates systems, but continuously invents, reasons, transforms reality, and compounds knowledge across biological, ecological, enterprise, societal, and civilization domains.

1. UNIVERSAL INTELLIGENCE ENGINE

Observe

Understand

Reason

Explain

Predict

Invent

Transform

2. META-COGNITIVE ENGINE

- Self-Reflection

- Self-Assessment

- Assumption Analysis

- Bias Detection

- Knowledge Gap Discovery

3. AUTONOMOUS INVENTION ENGINE

Generate:

- New Products

- New Services

- New Crops

- New Materials

- New Operating Models

- New Institutions

4. SELF-EVOLVING THEORY ENGINE

Discover

Validate

Refine

Combine

Retire

Theories

5. REALITY-TO-DIGITAL-TO-REALITY LOOP

Reality

→ Observation

→ Digital Twin

→ Simulation

→ Decision

→ Automation

→ Reality

6. UNIVERSAL CAUSAL KNOWLEDGE GRAPH

Connect:

Physics

Biology

Ecology

Agriculture

Enterprise

Economy

Society

Civilization

7. KNOWLEDGE ECONOMY ENGINE

Knowledge as:

- Asset

- Capital

- Product

- Currency

- Competitive Advantage

8. UNIVERSAL INNOVATION FACTORY

Discovery

→ Invention

→ Validation

→ Commercialization

→ Scaling

9. DIGITAL TWIN FABRIC 3.0

Individual Twin

Farm Twin

Enterprise Twin

Industry Twin

Nation Twin

Civilization Twin

Planetary Twin

10. AGENT SOCIETY 3.0

Scientist Agents

Inventor Agents

Architect Agents

Economist Agents

Policy Agents

Evolution Agents

Meta-Agents

11. CONTINUOUS TRANSFORMATION ENGINE

Detect

Prioritize

Design

Implement

Measure

Evolve

12. COLLECTIVE INTELLIGENCE MARKETPLACE

Humans

AI Agents

Organizations

Research Networks

Knowledge Exchanges

13. UNIVERSAL GOVERNANCE FABRIC

Ethics

Risk

Policy

Compliance

Sustainability

Stewardship

14. FLOURISHING & VALUE INDEX

Intelligence

Innovation

Prosperity

Resilience

Sustainability

Wellbeing

15. MATURITY MODEL

L1 Reactive
L2 Managed
L3 Connected
L4 Intelligent
L5 Autonomous
L6 Evolutionary
L7 Regenerative
L8 Discovery-Driven
L9 Creation-Driven
L10 Intelligence-Driven
L11 Reality-Transforming
16. NORTH STAR

Enable every system to continuously understand, invent, transform,
learn, regenerate, and evolve toward greater intelligence, resilience,
sustainability, prosperity, and flourishing.
